# Mail Audit

Unclean data, don't know whether a contact is a DX Member, unaware that there is an alternative DX product or just habit... there are many reasons why mail you could send via the DX is sent by Royal Mail – costing you time and money

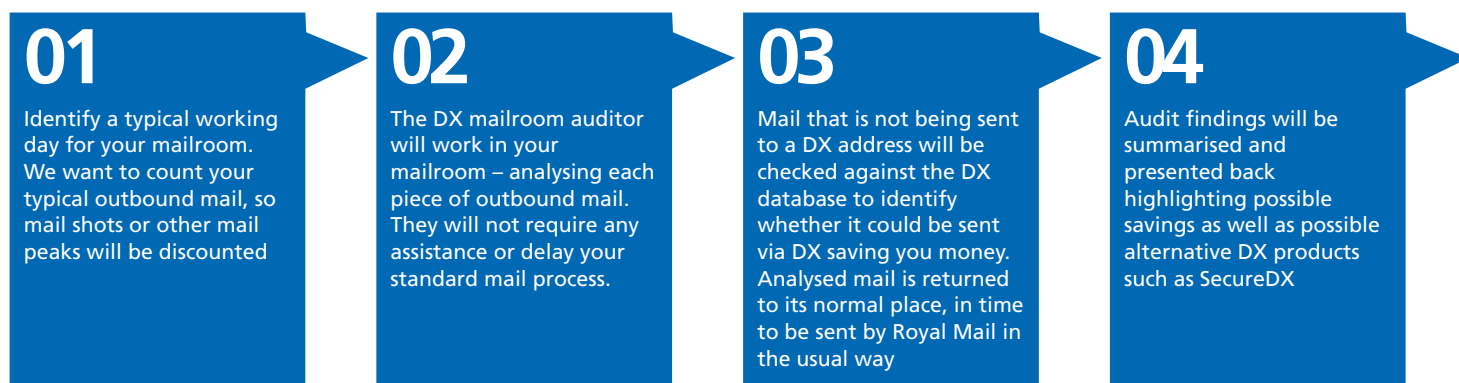

In our experience of carrying out mail audits, we have found approximately 20% of our Members' mail which could be sent using DX Document Exchange is actually being sent via Royal Mail. A mail audit carried out by our professional team could help you find out if you are maximising the benefits of DX.

## The benefits of DX
